

About us

GOW - A crypto and fiat exchange licensed by the Philippines Central Bank (BSP) and the Securities and Exchange Commission (SEC), operating under the license of eTranss (a subsidiary company). GOW has built a trading platform that is the first of its kind, combining a centralized liquidity pool with a decentralized transaction settlement. With KYC and AML standards in place, GOW provides the highest standards in quality control, accountability and transparency, bringing the customer the safest and the most secure exchange of its kind.
